📍 218-1/1 MALIGAKANDA RD,
COLOMBO-10

EDUCATION

2024 - 2025
CARDIFF METROPOLITAN
UNIVERSITY

- BSc Hons Software Engineering (Reading)

2022 - 2024
CARDIFF METROPOLITAN
UNIVERSITY

- Higher Diploma in Computing and Software Engineering

SKILLS

- Problem-solving
- Communication and collaboration
- Leadership
- Ability to work independently and in a team

LANGUAGES

- English
- Tamil
- Sinhala

PROFILE

Aspiring Software Engineer with a passion for learning new technologies and solving complex problems. I possess a solid foundation in computer science and hands-on experience in developing mobile and web applications. My goal is to contribute effectively to a dynamic team, applying my skills to real-world challenges as I grow in the field of software engineering.

Project experience

Smart Learn EFIC 360 – AI-Powered Adaptive Learning Platform (MERN stack ,Flask)

- Developed a MERN-based platform with role-specific dashboards
- Integrated an AI chatbot and ML-based difficulty detection for personalized learning.
- Implemented secure JWT authentication and email verification system.

Mega City Cab System (MERN stack)

- Mega City Cab System is a Java application designed to streamline Colombo's cab service operations, offering secure login, registration, order processing, booking details display, bill calculation, and car and driver management, with user-friendly interfaces.

Cineplex Website (PHP, HTML, JS, CSS):

- A database-driven web application for a movie theater, featuring movie listings, online ticket booking, and user registration to enhance user experience and provide management tools.

E-WasteX Website (PHP, HTML, JS, CSS):

- The E-WasteX project is a web application designed to manage electronic waste by facilitating recycling, collection, and repurposing efforts. It aims to promote environmental sustainability, ensure data security, and educate users on proper e-waste disposal practices.

Relevant Coursework

- Web Development
- Data Structures & Algorithms
- Object-Oriented Programming
- Database Systems
- Front-End Development (HTML/CSS/JS)

Tools & Technologies

- Git
- NetBeans
- VSCode
- SQL (Basic)
- REST APIs

Frameworks & Libraries

- ASP.NET
- Bootstrap
- JSP
- Spring Boot
- React
- Express js
- Flask

Programming Languages

- Proficient: Java,Python, HTML, CSS,SCSS
- Basic Knowledge: JavaScript, SQL
